

Carpet Cleaning:

Professional carpet cleaning with pet decontamination if required.

Your carpets like new again:

Floor coverings like carpet, vinyl floors and tiling are a very expensive and luxurious addition to any property, and sometimes they need a little TLC.

That's where The Little Cleaning Company comes in as we can deep clean your carpets and floor coverings, giving them a new lease on life and refreshing your living space in the process.

Our cleaning is carried out with as little disruption to your everyday life as possible and you won't have any nasty smells of harsh chemicals to worry about either. These methods are animal friendly as well so you don't have to worry about your pet being affected by the cleaning process.

Pet detergent including flea treatments:

Other companies skirt around the issue of pet related stains and of course flea's on your carpets, however we understand these issues are a real concern and part of our carpet cleaning service is to offer a pet decontamination treatment.

In essence your carpets will be fresh, clean and free of pet related dirt, odours and flea's.

We are here to help. Just give us a call NOW on Cheltenham 01242 221803

Whatever your requirements we are confident of being able to provide professional cleaning services at very competitive rates. Why not call us now and get a FREE no obligation quotation.
